Institute for State Control of Veterinary Biologicals and Medicaments

THE ANNUAL MAINTENANCE FEE – VETERINARY PREPARATIONS

Technical and administrative activities related to the Institute for State Control of Veterinary Biologicals and Medicaments

In connection with the supervision of approved veterinary preparations, which the Institute of State Control of Veterinary Biologicals and Medicinal Products (hereinafter referred to as the Institute) carries out according to § 24 and § 25 of Act No 17/2018 Coll. on veterinary preparations and veterinary technical devices as amended, the holder of the decision on the approval of veterinary preparation (hereinafter referred to as the Holder) shall pay the reimbursement of expenses for the Institute's actions related to the duration of the approval of veterinary preparations in the form of annual maintenance fees (hereinafter referred to as the fee).

The fee in sum 50 € generally covers the costs of maintaining the registers, information on approved veterinary preparations issued by the Institute, monitoring of adverse reactions, processing of data on quality defects in veterinary preparations, development of forms and applications, processing of changes other than those specified in the administrative fees.

The fee is due by 16 April every year.

The fee for veterinary preparation must be credited to the Institute's account latest 30 days from delivering the payment demand; otherwise the fee is increased by 20 %.

The fee is not paid for the calendar year in which the approval is given. If the fee is paid for the calendar year in which the approval is cancelled or in case of approval expiry, the aliquot amount of the fee will be returned at the request of the Holder. However, application for reimbursement of the aliquot amount of the fee has to be submitted by the Holder in a given calendar year.

Method of the payment:

On the basis of the call issued by the Institute, Holder will be asked to pay the fee. The call will include the list of approved veterinary preparations of individual holders and all the details of bank connection.

The payments for annual maintenance fee should be paid on an account number:

SK20 8180 0000 0070 0007 8053
